INTERNET CONNECTION :

There are 2 ways to setup your Internet connection. You can use the Web-based Internet Connection Setup Wizard or you can manually configure the connection.

INTERNET CONNECTION WIZARD :

If you would like to utilize our easy to use Web-based Wizards to assist you in connecting your new D-Link Router to the Internet, as well as configure the Wireless settings, click on the Setup Wizard button below.

Note: Before launching these wizards, please make sure you have followed all steps outlined in the Quick Installation Guide included in the package.

MANUAL INTERNET CONNECTION OPTIONS :

If you would like to configure the Internet and Wireless settings of your new D-Link Router manually, then click on the Manual Configure button below.

3

Helpful Hints..

If you are new to networking and have never configured a router before, click on **Setup Wizard** and the router will run you through a few simple steps to get your network up and running.

If you consider yourself an Advanced user and have configured a router before, click **Manual Configure** to input all the settings manually.

1. В разделе Setup выбираем раздел Internet
2. Выбираем Manual Configure
3. My Internet Connection is выбираем PPPoE
4. Устанавливаем точку Dynamic PPPoE
5. Вводим учетные данные по договору - Логин в поле User Name, Пароль в поля Password и Retype Password.
6. Прописываем адреса DNS серверов
7. Connect mode select ставим точку Always-on
8. Нажимаем Save Setting для сохранения настроек

INTERNET CONNECTION

Use this section to configure your Internet Connection type. There are several connection types to choose from: Static IP, DHCP, PPPoE, PPTP, L2TP, Russian PPPoE, and Russian PPTP. If you are unsure of your connection method, please contact your Internet Service Provider.

Note: If using the PPPoE option, you will need to remove or disable any PPPoE client software on your computers.

INTERNET CONNECTION TYPE :

Choose the mode to be used by the router to connect to the Internet.

My Internet Connection is : PPPoE (Username / Password) **1**
